Hi Jeff,

Please find out the reporter's specific questions so that we can provide written responses.

You can discuss with Cristina, but it's highly unlikely a request for an interview will be granted.

For your information only, we (DCHI) recently responded to a CDC-INFO inquiry about the Ames Fire in Parkersburg, WV, see attached approved response.

Thanks,

Loretta Asbury

Here is his full inquiry from the email box:

Mr. Diamond;

As we discussed on the phone, I am requesting a telephone interview-which would be recorded-on the ATSDR public health statement on the Parkersburg fire of October 21.

Since this would be recorded and used on the air, our parent company requires a form be filled out, allowing the use of a photo of the person we're interviewing-if such a photo is available.  
That form is included below.

Thank you,  
Todd Baucher

I looked through our stuff and EPA's. Can't find anything. Not sure what it is. I asked Jeff to check with Loretta.

What release did we send on a fire. I'm assuming the fire occurred way in the past?

Sent from my BlackBerry 10 smartphone.

A reporter from a TV station in Parkersburg, WV just called to try and get an interview with someone regarding the news release we just sent out on the Parkersburg fire. He would like to get someone by 5:00 today. I asked him to send us an e-mail request

CRISTINA: the Windows 10 conversion has wiped out my access to the Env Health mailbox, so please watch for this item.
